

Post Event Summary Report

Event	Git, Github and Beyond
Speakers	Manik Rana, Shivam Shandilya
Date	Thursday, July 27
Venue	E3-107
Timings	2:15 PM

Basics of Command Line

They spoke about the Command Line Interface (CLI) and how it is more efficient to complete task with cli rather than GUI counterparts

Introduction to Git and GitHub

Manik as a Microsoft student ambassador spoke about the Version Control System (VCS) and how Git works, how it can be used to make development easier. He further went on to demonstrate how to use Github which is a hosting service for Git.

Shivam went into advanced concepts of git like merging, rebasing, cherry-pick.
